# EMPOWERING TODAY'S DREAMERS TO BECOME TOMORROW'S LEADERS.

2025 marked an exciting milestone for PMSIP. With 87 internships this year, the program surpassed 1,000 paid student placements since its inception in 2014. This achievement reflects more than a decade of connecting young people with meaningful, career-shaping experiences and mentorships that build confidence, develop professional skills, and strengthen Plano's commitment to cultivating a talented and engaged future workforce.
